THURSDAY EVENING, JUNE 20.

A WONDERFUL SURGICAL OPERATION .-One of the most remarkable cures on record has been nearly effected upon the person of Miss Hattie Thomas, of Waterbury, Conn., who was scalped in a button manufactory over a year ago, from the nape of her neck to her eye balls, so that the skull was laid bare.— Death was expected, and almost hoped for, as the only relief which could come to her; but the doctor noticing that she raillied from the first prostrating effects of the accident, determined to experiment with the French process of "skin grafting," and after the head had been brought into a healthy state of suppuration, he made the first attempt, taking the "seed skin" from the patient's arm. The result was admirable, but exhaustion was induced by the new wounds. and a supply of skin had to be taken from other sources. The nurse of Miss Thomas kindly volunteered; the doctor, delighted with his success, applied the knife to his own arms, and many young lady friends came forward and sacrificed portions of their own bodies for the salvation of their suffering sister. Over one hundred separate pieces made up the new scalp, and Miss Thomas has souvenirs of her friends much better than bed quilt blocks, or even locks
